

MOTIVES COSMETICS BRAND OVERVIEW - UK TOUR

Motives Director of Field Development, Lisa Martin

This amazing cosmetic line, used by every day women for every day use as well as by professionals for event makeup, photo shoots, fashion shows, and even implemented in Beauty Academies is expanding in your area!

Networking begins at 7.

At 7:30 we will start a presentation on 'Understanding the Beauty Industry & What Makes Motives so Unique'. At the same time, make-up artists will be demonstrating product on clients.

Afterward all are encouraged to touch / feel / try the line, as there will be a full product display and representatives to answer questions, help select colors, etc.

More networking as well! Bring your business cards, indulge in some great conversation and learn why this is such a fun AND lucrative industry!
