REVEAL YOUR TRUE BEAUTY

LUMIÈRE DE VIE® MICELLAR CLEANSER

- Gently cleanses and conditions skin while removing makeup and impurities
- Waterless formula that does not require rinsing
- Perfect for everyday use and to remove stubborn full face makeup looks
- Formulated with micelle molecules, this cleanser does not use alcohol or harsh chemicals and therefore leaves behind a glowing, hydrated finish

DE VIE®

key ingredients found in:

LUMIÈRE DE VIE[®] SUPER CRÈME

REVEAL YOUR TRUE BEAUTY

TRANEXAMIC ACID

Tranexamic Acid is a synthetic derivative of the amino acid lysine and is classified as a skin conditioning agent. Tranexamic acid also has skin brightening properties that help reduce the appearance of dark spots for a more even-looking complexion.

POTASSIUM AZELOYL DIGLYCINATE

Potassium Azeloyl Diglycinate is a skin conditioning ingredient formed from a combination of azelaic acid and the amino acid glycine. Potassium Azeloyl Diglycinate helps brighten the skin and reduce the appearance of dark spots for a more radiant looking complexion.

ADVANCED MOISTURE COMPLEX

(GLYCERIN & WATER & SODIUM
PCA & UREA & TREHALOSE &
TRIACETIN & POLYQUATERNIUM-51
& SODIUM HYALURONATE)

This blend of ingredients provides rapid and long-term skin hydration, helping to keep the skin looking smooth and soft.

REVEAL YOUR TRUE BEAUTY

LUMIÈRE DE VIE® PORE MINIMIZING SERUM

- Instantly softens the appearance of pores and wrinkles
- One universal shade designed to adjust to the skin's natural complexion allowing flawless, light coverage
- Infused with peptides that help reduce the appearance of wrinkles, moisturise and eliminate shine
- Can be worn alone for a no-makeup makeup look or under your favourite Motives® foundation for the perfect base
- Promotes a smooth finish, reducing makeup slippage into fine lines

Code: SG12215 | UC: S\$ 64.50 | SR: S\$ 90.00 | BV: 33

LUMIÈRE
DE VIE®

REVEAL YOUR TRUE BEAUTY

key ingredients found in:

LUMIÈRE DE VIE® PORE MINIMIZING SERUM

ABERMAT

(WATER & SACCHARIDE)

Sasccharide Isomerate is a polysaccharide ingredient with mattifying and moisturising properties. It absorbs excess oil on the skin and reduces skin shine, while helping to maintain skin hydration.

DISAPORE 20

(LECITHIN & LY SOPHOSPHATIDIC ACID & LYSOLECITHIN)

Derived from phosphatidyl choline, this unique ingredient (lysophosphatidic acid) has been shown to reduce the appearance of visible pores, thereby helping enhance the skin's complexion.

BRESDERM

(WATER & SACCHARIDE ISOMERATE)

Bresderm is a plankton-derived polymer of carbohydrates. This ingredient is designed to rapidly fill the furrows and small wrinkles of the skin, thus temporarily reducing the appearance of fine lines and wrinkles for a smoother looking complexion.

TEGO PEP 4-17

(GLYCERIN & BUTYLENE GLYCOL & WATER & TETRAPEPTIDE-21)

Tetrapeptide-21 is a peptide sequence based on the skin's own structure. This unique peptide helps reduce the appearance of fine lines and wrinkles, improves skin roughness and supports elasticity.
